The glee club will sing a group of selections of varied interest. There are 71 voices in this chorus and the group will be accompanied by Harry Smith and directed by Richard Johns.

Their part of the program will include: Little Drummer, . . . Davis, Now Let Every Tongue Adore Thee, . . . Bach Let Our Gladness Know No End, . . . Ryg Once In Royal David's

City, . . . Lundquist Praise Ye the Lord, . . . St. Saens

Safer Walking And More Parking Seen For Mokena

More parking and safer walking is in store for Mokena residents as a result of an agreement reached between the village board and the Rock Island railroad.

The team track paralleling the main tracks along Front street is to be shortened. About 300 feet is to be taken off the east end, thus giving more room for parking, it was announced by Mayor Charles Swanberg.

When this section of rail is removed the village plans to grade the railroad tract along Front street, the mayor said, and place posts along the edge lying next to the street. The lot on the south side of the depot is also to be improved, he said.

When posts are placed along the Front Street lot an entrance and exit will be established and angle parking decreed, thus providing more parking space, it was explained.

The safer walking will be provided on the Wolf road crossing.

The Rock Island has already extended the crossing to the east and a 5-foot section is to be lined off and blacktopped for a sidewalk. There are a number of pedestrians, especially children, that use this crossing. Using the street for a walk is not only dangerous because of auto traffic, the mayor pointed out, but there is a chance someone could be caught in a high speed switch.

The blacktopping is still to be done this season, probably by the first of the year and the track removal is also slated for the immediate future, according to railroad representatives. Agreement was reached on the improvements after Swanberg had talked with Rock Island officials, G. H. Voss, superintendent of the Chicago division; R.J. Lane, assistant to vice president of operations and O. C. Thompson, assistant real estate and tax official.

Give Christmas Review

The upper grades of Arbury Hills school will present "Christmas in Review" tonight, Dec. 12, starting at 8 o'clock in the school's multiuse room. The program will take the place of the December meeting of the P.T.G.

"Christmas in Review", written by Clarence Styza, is presented in seven scenes. Each scene suggests a different activity that is associated with the Christmas season. An old-fashioned Christmas, the rush of Christmas shoppers, good will toward the less fortunate, Christmas Eve and morning, and the Nativity all bring the total meaning of Christmas before the audience.

The Christmas music for the play will be provided by the fifth grade class and the sixth, seventh and eighth grade girls' chorus. Joyce Funick is the soloist with the group. Nancy Landfried has a piano solo, and Kathy and Glenna Monson will play an accordion duet. The narrators for the play will be Michael Plumly and George Lewis. Gary Neumayer will play John, JoAnn Pankey is Mary, Shirley Suggs is Grandma,

David Homer is Grandpa. The mother and father are played by Pamela Strassenburg and Douglas Fife. Nancy will be portrayed by Janet Rochelle, and Michael Skala will be Santa Claus.

The Christmas Eve scene will present Vaughn Karkos and Barbara Klein in "Sly Santa Claus". Ruth Terracina and Ronald Muccio will be featured as Mary and Joseph during the Nativity scene. Christmas morning will find Tim Waters as father and Lois Smith as mother.

The remaining fifth, sixth, seventh and eighth grade children will be cast in the role of angels, wisemen, shepherds, and others.

The program is being directed by Mrs. Lora Gilbert, fifth grade teacher. Mrs. Maria O'Toole, sixth grade teacher, is in charge of costumes. Richard McCarthy, seventh grade teacher, is handling properties and programs, and C. James Reeves is responsible for scenery. Miss Sandra Anderson, first grade teacher, is the accompanist.

Indict Katschke On Charge Of Misapplying S & L Funds

(CNS) Kenneth H. Katschke, 42 years old, 9200 South Francisco, Evergreen Park, former president of the closed Tinley Park Savings and Loan association and chairman of the board of the Chatham Bank of Chicago, also closed, Thursday was named in a seven count federal indictment charging misapplication of \$1,012,471.43 of the funds of the federally-insured savings and loan association.

Named in each count with him as having aided and abetted the fraud was Paul E. Pickle, 41 years old, 148 Kedzie, Posen, president of the Central States Mortgage company, recipient of all the loans, who is also associated with Katschke in ownership of the bankrupt Gold Star Homes, Inc., and in other construction ventures.

Maximum penalty, under the charge is 35 years and \$40,000 fine. Katschke surrendered and posted \$5,000 bond Friday. The case is assigned to U. S. District Judge Hubert L. Will but no date for arraignment has been set.

One count of the indictment, the fifth, charges misuse of \$440,000 by a loan made Aug. 30, 1961, to Central States by Tinley Park Savings and Loan, which was actually used to re-mortgage Tinley Park for \$428,493. . . in prior fraudulent loans plus interest, so that the total actually alleged to have been taken out by Katschke and Pickle is \$572,471.43.

As in the first three loans totaling \$428,493.44, made on July 26, Aug. 14, and Aug. 22, 1961, the \$440,000 "loan", also supposedly for construction by ADK Enterprises on four lots in Hodgkins, Ill., was made with the knowledge there would be no security received in the property and that "little if any" construction had in fact taken place on the lots, the indictment says.

Count two charges Katschke personally "did unlawfully and willfully participate, share in, and receive money, profits, and benefits, to-wit, the sum of \$350,000" obtained through the misapplication charged in Count 1, and that Pickle "did aid, abet, counsel, induce, and procure the commission of the offense."

Frankfort Grade School Plans Program

Annual Christmas program of Frankfort grade school--grown larger this year with its share of the Weitendorf school pupils -- is to be held next Thursday, Dec. 19, at 7:30 p.m. "Christmas Joys" is the theme of this year's program which is being directed by Miss JoAnn Noble, head of vocal music in the school.

Pupils from all grades, from kindergarten thru eighth, will participate in the program this year.

The school band, under the direction of Perry Friedman, will play at the beginning of the evening.

The traditional Nativity scene, to be presented by pupils from the eighth grade, will climax the program.

The program is open to the public.

Counts six and seven charge misapplication of \$90,000 on June 15, 1961, and \$53,977.99 on Aug. 3, 1961, in payment of a loan of \$150,000 granted by Tinley Park to Jefferson Trust and Savings Bank of Peoria as trustee, secured by a "first mortgage" on a boat marina on the Illinois River at Chilliocthe, Ill., owned and operated by Pickle, despite knowledge there was a prior lien of \$75,000 against it.

The return of the indictment climaxed a three-month grand jury investigation of Tinley Park S. and L. under Assistant U. S. Attorney Robert S. Atkins.

He would not comment whether the investigation would continue into other affairs of Katschke, including his involvement in Chatham Bank, which Atkins said Katschke and S. Laurence Kahn, 1440 Lake Shore, purchased control of in February, 1962, with funds obtained from the Tinley Park Savings and Loan misapplications.

Chatham Bank closed several weeks after Tinley Park, also with considerable loss to the federal government insurance agency.

Two other savings and loan associations, Hillside and Concord, and one bank, Westmont, are involved in pending criminal indictments in U. S. District court here. Investigation is in progress involving a fourth savings and loan, Beverly, which is also closed.

New Lenox Would Like To Obtain Camp Ground Area

The New Lenox board of trustees covered a wide variety of subjects at its regular meeting last Friday night, ranging from urban renewal, taxes, sewers and skating to police courts.

The village is interested in acquiring the Methodist camp grounds at the east end of town

and is endeavoring to find a means to that end which would not involve too much money on the part of the village.

According to Mayor Stanley Gilmore one possible way would be thru urban renewal altho he does not have any figures yet as to what amount of cash the village would have to put up in

the event such a program was followed.

A representative of the federal housing and finance agency came to New Lenox last week and displayed some interest in the camp grounds, the mayor said. What apparently appealed to him there was the presence of some of the cot-

tages formerly used when the camp grounds was a going concern. These structures now are considerably the worse for wear and it was believed they could be given slum status.

The big thing, according to the HFA man was for the village to develop a workable plan. The mayor understands that the federal government will come up with a grant for such a plan and if the program is approved the government would put up the money for the property, clear it and then sell it to builders for development. The government

would pay 75 per cent of the net cost of the land with the village accountable for the rest of it. But just how much of the balance would represent cash on the part of the village is not known at this time.

It was said, however, that under the urban renewal plan little of the campgrounds would be available for park or recreation purposes. The trustees will give the subject study.

Under the open space program land acquired cannot be used for anything but recreational or park purposes, it was

An important part of the Olsen collection includes furniture and

articles owned and used by Lincoln when he lived with the Henry Onstott family in New Salem from 1831 to 1837, it was stated.

Among the several items that impressed the pupils were a copy of the Emancipation Proclamation dated Jan. 1, 1863, signed by Lincoln, only six copies of this particular proclamation are now known to exist; a slave deed dated in 1834 in which the amount involved was \$555, and a bookmark made by Ann Rutledge which Lincoln is said to have used in his law books.

FRANKFORT, ILL.

All Cub Scouts and their parents are invited to attend this meeting.

In addition to those boys who are already Cub Scouts, ANY boy eight, nine, or 10 years old interested in Cub scouting, is also invited to attend the pack meeting along with his parents.

It should be pointed out that the Cub scouting program is intended not only as a pastime for young boys, but also a good fellowship program of boy and parent.

The Arbury Hills Civic Association held their regular general monthly meeting for December on Tuesday evening, Dec. 3, at the school.

Since they were one short of a quorum a very informal meeting was held. The main item on the agenda was the announcement of the final plans arranged for the Civic Association children's Christmas party. There was also a letter of thanks from the Teens Club to the Civic Association for the donation towards their recent hay ride party.

The Civic Association children's Christmas party will be held in all-purpose room at the school on Saturday afternoon, Dec. 21, from 2 until 4 o'clock. The open invitation includes all Arbury Hills children from eighth grade down to preschoolers.

There will be a color cartoon shown, donated for the occasion by Al Behnke, and lasting for one-half hour. The starting time of the movie will be 2:15 p.m. It will last half an hour.

Following the movie cocoa and cookies will be served. Santa Claus will then make his appearance with a small gift for each child, donated by Al Cutler. The gift giving will conclude the festivities for the afternoon.

There will be much need for assistance from both the mothers and the fathers. The mothers are being asked to donate two dozen cookies, preferably Christmas cookies, but all kinds are gratefully accepted. The cookies are to be dropped off at one of three places: Dan Markowski 9326 West Magnolia, Phyllis Prather 9400 West Willow Lane, and Marie Hovi 9448 West Hickory Street. The drop-off time is Friday evening, Dec. 20 or Saturday morning, before noon, Dec. 21.

The fathers are asked to lend a hand at the party to assist in maintaining order among the

children.

The Teens club was asked for the help of some of their girls for the party to help in the making of the cocoa and the serving of refreshments. Our thanks to those who volunteered: Priscilla Fitch, Linda Funk, Nancy Rose, and Lynn Fitch.

The Arbury Hills kindergarten organization will NOT hold a general membership meeting in December. There will, however, be a board of directors meeting.

The Christmas cards which were purchased thru the kindergarten organization, are now available at the home of Mrs. William O'Neill of 19327 South Oak Street.

The kindergarten children will have a Christmas party at the school corresponding to the Christmas parties of the first thru eighth grades. The party will be held on Friday afternoon, Dec. 20, from 1 until 3:30 o'clock. There will be a Christmas tree and refreshments.

The Teens Club held its first meeting for December on Monday, (Dec. 1) at the school. Because of the absence of Harold Fitch, director of the group, the election of the six-man committee was postponed until after the first of the year.

Instead of a regular meeting when the group meets on Dec. 16, there will be a Christmas party starting at 7 o'clock. It will close at 10:00.

Members of Brownie Scout Troop No. 334 are working diligently on a Christmas project. The girls are making napkin rings to be donated to Tinley Park State hospital. As the plans now stand the Brownies will take the rings to the hospital on Monday afternoon, Dec. 23. The girls will sing carols at the hospital at 2 p.m.

There will be NO meetings of the Troop Tuesday, Dec. 24 or Tuesday, Dec. 31.

The Junior Scout troop (No. 103) members are finishing up preparations for a Christmas party for their parents on Wednesday afternoon, Dec. 18, from 4:00 p.m. until 5:00 p.m.

The 25 girls are preparing a skit consisting of a reading of The Night Before Christmas while the other girls enact the parts in pantomime.

After the skit there will be punch and cookies served to the girls and their parents.

The Summit Hill Parent-Teacher group will have their December get together tonight, (Dec. 12) at 8 o'clock. There will be a Christmas program under the direction of Mrs. Gilbert the fifth grade teacher instead of the regular business meeting.

The First Nighters held their December session at the home of Mrs. Byron Skinner of 19339 South Oak on last Thursday evening. The winner of the hostesses prize was Mrs. Alice Broekstra. The next meeting is scheduled for Jan. 2 at 8:00 p.m. in the home of Mrs. Richard Heim, 9431 West Hickory St.

A dinner party was held in a private dining room of a nearby restaurant for the faculty, employees, and school board members of the Arbury Hills school on Thursday evening, Dec. 5.

Following the dinner there were trinket gifts distributed to the guests and their spouses. An enjoyable evening was had by all.

The Summit Hill Boy Scout Troop Number 10 will not have their regular monthly camp out this month due to the Christmas holidays. They are, however, planning a Christmas party for the troop.

✓ 1963 Box Score:

FORD'S TOTAL PERFORMANCE TOUGHNESS DOMINATES THE COMPETITION WORLD!

Ford has chosen the most rugged testing program cars have ever faced . . . full-scale open competition on the rally and racing circuits of the world. This is the dramatic way to show that Fords have changed . . . and the sure way to be certain they keep on changing. Changed? Just look at the record:

STOCK CAR RACING: 2-to-1 margin for Ford Ford is king of NASCAR competition and Ford Motor Company has the NASCAR Achievement Award to prove it. In the '63 season, special Ford entries won every single race of 500 miles or longer, scored nearly twice as many points as any other make. 500-mile races are the ultimate test of inherent durability and dependability. In two other major stock car racing associations, IMCA and MARC, Ford drivers have wrapped up the 1963 championships.	SPORTS CAR ROAD RACING: Ford V-8 power is the new king Here the Cobra with its special Fairlane engine emerged as the overwhelming leader in one short year. Cobra won the coveted Manufacturer's Trophy in SCCA Class A Production competition by so wide a margin no other cars—U.S. or foreign—were even in sight. And in the two major tests this fall, the Laguna Seca and Riverside races, the new King Cobras dusted off the top "unlimited" cars from all over the world.	RALLY COMPETITION: Manufacturer's Championship Products of Ford Motor Company and its worldwide affiliates won the 1963 Manufacturer's World Rally Championship. Ford's rally year began when two specially equipped Falcon V-8's startled the automotive world in the brutal 2500-mile Monte Carlo Rally. Other special Falcon V-8's triumphed in Holland's famed Tulip Rally, and ran away with the Manufacturer's Team Prize in the 4000-mile Trans-Canada Rally.	INDIANAPOLIS: Ford ends an era Advanced Ford engineering smashed precedent in the classic Indianapolis "500." The first time out, a light alloy version of the Fairlane V-8 design in a Lotus chassis finished second. And the next time, in the Milwaukee "200" it ended the reign of the traditional "Indy" racing car by leading every foot of the way from start to finish.	PERFORMANCE & ECONOMY: New laurels for Ford The Mobil Economy Run underscored Falcon's years-long reputation for thrift—a Falcon scored first in Class B (medium-engined compacts). And the Pure Oil Performance Trials brought laurels to the big Fords, which walked off with overall wins in Classes I and II for total performance (economy, acceleration and braking).
--	--	---	--	--

✓ 1964 Result:

TOTAL PERFORMANCE INSPIRES THE TOUGHEST, SMARTEST CARS FORD EVER BUILT!

Fords have changed—and that's the real reason behind Ford's racing successes. We're now making the longest lasting, best handling cars in our history—because competition provides a kind and an intensity of testing that no proving ground can ever equal. What we learn from the specially equipped cars we race helps us make your car better.
Racing inspires a level of engineering skill far above ordinary commercial needs. The inherent qualities that make the victorious racing car—road-holding, braking, durability, precision control, resistance to vibration—also make a car safer, stronger and smoother for normal highway use. This isn't theory; all you have to do is take the wheel of any of our new Fords. Five minutes on the road will show you a total performance no one else has been able to achieve.

of their choice for five vet-

as "Gift to the Yanks". Today
the Legion in Illinois apparently

NEW CHEVELLE!

BY CHEVROLET

The kind of go-6 or V8—you'd expect
from one of Chevy's great highway
performers. Come on down and drive it.

The kind of comfort you'd
expect in a large interior.
Come on down and sit in it.

The kind of fresh styling—inside and out—
that makes it the year's smartest surprise.
Come down and stare at it.

New Chevelle Malibu Sport Coupe

Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around
looking beautiful. Held its weight down in the 3,000-
pound range. Then built four lusty engines—two sixes
and two V8's—with output all the way up to 220 horses*!
And if that makes you think this is one frisky car,
you've got the right idea.

You've also got a roomy car here. Yet its 115-inch
wheelbase keeps it highly maneuverable in
traffic and very easy to park.

With its Full Coil suspension, it's got a ride
that reminds you of the Jet-smooth kind the

way it muffles noise and cushions bumps.

And the fine hand of Body by Fisher craftsmen shows
up beneath this one's suave good looks, too.

Sound good? There's more. Like the fact that Chevelle
comes in three series with eleven models—convertibles,
sport coupes, sedans, wagons, even Super Sport models
with front bucket seats. Like the fact that (and see if
this isn't one of the nicest surprises of all) the
new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful
at your Chevrolet dealer's—and so's the driving.

Legion Mourns A Fallen Comrade: John Kennedy

WASHINGTON--A saddened American Legion joined Americans everywhere in paying final tribute to their distinguished comrade, President John F. Kennedy, whose life was cut short by an assassin's bullet on Nov. 22 in Dallas, Tex.

President Kennedy, Navy veteran of World War II, was a member of the Crosscup-Pishon Post 281 of the American Legion at Boston.

National Commander Daniel F. Foley asked all Legion Department headquarters across

the nation to close Monday, Nov. 25, as a gesture of mourning for the martyred President.

National Adjutant E.A. Blackmore issued the following statement on behalf of the Legion's National Headquarters in Indianapolis, Ind.:

"In shock and dismay members of the American Legion join their fellow citizens in mourning the death of our beloved President. We must all pray now for our fallen chief, for his bereaved family, and for our nation which has been placed

in grave crisis by this dreadful act.

"The nation will survive this grievous wound but this generation of Americans will never cease to sorrow for John F. Kennedy who has given his life for his country.

"We would further offer our prayers for Vice President Johnson who will now assume the burdens of state which the President has laid down."

Commander Foley was invited by the Kennedy family to attend the funeral mass at St. Matthew's Cathedral, as well as the burial ceremonies in Arlington National Cemetery. Joining a distinguished group

of world statesmen and dignitaries, he filed by the grave at the end of the ceremonies and paused for a brief moment of prayer.

The American Legion on March 1, 1962, awarded its highest honor, the Distinguished Service Medal, to President Kennedy. Presentation of the high tribute was made at the White House during the Legion's second annual Washington Conference.

Mr. Kennedy was cited for his aggressive dedication as President "to rallying the forces of freedom not only to stem the advance of a determined and deadly foe, but also to insure the survival and the success of a free society both at home and around the world."

"Sweet 16".

Play in the forthcoming series will open in 45 Districts Feb. 24. Assignment of teams to the Districts will be limited to the schools of smaller enrollment within each regional area.

The Regional and Sectional Tournaments will follow at one week intervals ending with the State Final Tournament March 17, 20 and 21.

The 16 sectional winners will play the first round at eight centers and the winners of these eight games will play in the U. of I. fieldhouse March 20-21.

The assignments of 688 Illinois downstate high schools to the District and Regional tournaments will be announced about Jan. 15.

Red-Green Symbolic Of Christmas Story

The colors red and green are an integral part of the

Christmas story.

The red is explained by the Rust Craft Greeting Cards in its Christmas card entitled the "Legend of the Christmas Rose." According to this ancient story, a little shepherdess, watching from afar as the Three Wise Men presented their gifts to the Christ Child, wept because she had no gift to offer.

Flowers sprang up where her tears fell, says the legend. She gathered them and hastened to present them to the Infant Jesus. While she was kneeling at the crib, His hand touched the petals and they turned a beautiful red.

A similar legend from Mexico tells how the flaming red poinsettia came to be connected with Christmas.

POINSETTIA PLANT

A poor Mexican boy went to church on Christmas Eve in great sadness because he did not have a gift to lay before the crib of the Holy Child. He knelt humbly on the cold ground outside the church and prayed. When he rose, a green plant with dazzling red blooms sprang up at his feet.

The poinsettia was named for America's first ambassador to Mexico, Joel R. Poinsett, who brought the flamed-hued plant from Mexico in 1829.

EVERGREENS IMPORTANT

Over the centuries, evergreens have played an important part in the Christmas celebration and the color green is symbolic of them and everlasting life.

The early French and English settlers hung pieces of evergreens over their doors to indicate that Christ was present.

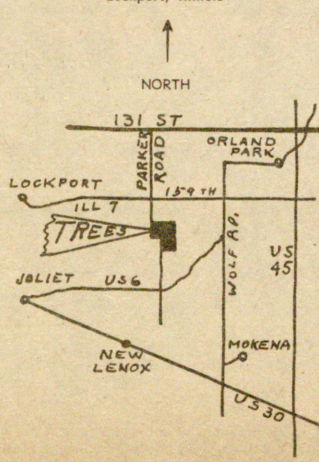

Holly is believed to have sprung up where the Infant Jesus took his first baby steps.

CHRISTMAS DECORATIONS

Today the colors red and green dominate Christmas decorations.

READING MACHINES FOR DATA PROCESSING

AND THEIR EMPLOYMENT EFFECTS ON KEY PUNCH OPERATORS -- AS REPORTED BY THE U.S. DEPT. OF LABOR.

Machines that can read copy and hand written numbers promise to make a significant and growing contribution to office automation.

Approximately 100 optical character recognition devices are now in operation, chiefly in oil, public utility companies and insurance companies. During the next five years the total number of new OCR installations is to be moderate, probably between 150 and 300. But after that as the capabilities of the equipment are expanded and its price reduced, OCR equipment will probably be installed much more widely in both large and small business organizations.

Key punch jobs are the only ones upon which OCR equipment has had, and is expected to have, a significant negative effect. The 100 installations have probably led to the elimination of about 1000 key punch jobs since 1956, when the first OCR installation was made. During the next 5 years, probably no more than 3,000 key punch jobs are likely to be eliminated.

Because of the expected overall increase in Key Punch employment and also because of the great number of Key punch operators who leave the occupation each year. Highly skilled operators probably will continue to be in short supply during the next 5 years.

After that, the growth in Key punch employment will begin to level off and following this, the total number of Key punch jobs is expected to start declining. . . . Some experts believe the keypunching will be a dead end job within the next 10 years. But others do not agree that the effect will be this drastic.

In any event, in view of the high turnover rate of Key punch operators, few workers who are now in the occupation or who enter it in the immediate future face the probability of forced transfers to other jobs.

The writer's opinion is that Keypunching is destined to become a dead end job, be it 5-10 or 15 years hence, those of you who look to this occupation for a livelihood should be keenly on the lookout for an expanded use of OCR equipment in both large and small businesses.
